Land Acknowledgement

It is important that we acknowledge, with respect, that we are in Robinson-Huron Treaty territory, that the land on which we are gathered is the traditional territory of the Anishinaabe and known as Bawating. Bawating is the home of the Garden River First Nation, Batchewana First Nation, and the Historic Sault Ste. Marie Metis Council. We should and will honor and respect these Indigenous people as the ancestors and traditional stewards of the land upon which we stand today. May our relationships with the land teach us to live and work in good relationship with one another.

1. Call to Order

2. Approve Agenda

Motion: Be it resolved that the Agenda for the Open Meeting of Council of July 11, 2023, be approved.

Moved By: _____ **Seconded By:** _____

3. Disclosure of Pecuniary Interest

4. Minutes of Previous Meeting

- a) Minutes of Regular Meeting of June 13, 2023
- b) Minutes of Special Meeting of July 3, 2023

Motion: Be it resolved that the minutes of the regular meeting of June 13, 2023, and special meeting of July 3, 2023, be approved.

Moved By: _____ **Seconded By:** _____

5. Questions and information arising out of the minutes.

6. Petitions and/or delegations

- a) Dale Laroue Request for the purchase of slag

Motion: Be it resolved that the request for slag, be approved.

Moved By: _____ **Seconded By:** _____

Be it resolved that that the minutes of the May 02, 2023, Recreation Committee meeting, be approved. **(Carried)**.

12. New Business

a) NCPS Municipality Introduction Letter

Resolution 2023-167

Moved By: Councillor Melanie Mick **Seconded By:** Councillor Eugene
Caputo

Be it resolved that this council hereby requests that the Government of Ontario maintain OHIP coverage for chronic pain treatments and continue to provide much-needed care for the people of Ontario. This motion will be communicated to the Premier, Minister of Health, Associate Minister of Mental Health, and Addictions and your local MPP(s). **(Carried)**.

b) Township of Armour Aerodrome Resolution

Resolution 2023-168

Moved By: Councillor Margaret Christenson **Seconded By:** Councillor
Jane Weir.

Be it resolved that this council supports Petition e-4364 – petition to the Minister of Transport. **(Defeated)**.

c) Request for Delegations and Program Update for 2023 AMO Conference

Resolution 2023-169

Moved By: Councillor Margaret Christenson **Seconded By:** Councillor

CORPORATION OF THE TOWNSHIP OF PRINCE
Council Meeting Minutes
June 13, 2023
Township Hall, 3042 Second Line West, Prince Twp.
6:45 pm

Be it resolved that this council accepts the Request for Delegations and Program Update for 2023 AMO Conference, as information. **(Carried).**

d) Reinstatement of Legislation to Retain Surplus Proceeds from Tax Sales

Resolution 2023-170

Moved By: Councillor Melanie Mick **Seconded By:** Councillor Jane Weir

Be it resolved that Council direct Township staff to send a letter to all relevant taxation bodies, including the Ministry of Municipal Affairs, the Ministry of Finance, Wellington County Council, MPP Ted Arnott, Association of the Municipalities of Ontario and all other municipalities in Ontario urging them to re-instate previous legislation that permitted a Municipality to apply for and retain the surplus proceeds from a tax sale in their jurisdiction. . **(Carried).**

e) Leepfrog request for second tower

Resolution 2023-171

Moved By: Councillor Margaret Christenson **Seconded By:** Councillor Jane Weir.

Be it resolved that this council hereby approves Leepfrog Telecom to build a second tower in Prince Township at the location of Oak Ridge Line at 46°31'49.08" N, 84°33'54.11" W. **(Tabled).**

13. Closed Session

Resolution 2023-172

Moved By: Councillor Eugene Caputo **Seconded By:** Councillor Margaret Christenson.

Be it resolved that this council move into the Closed Session to consider items concerning labour relations or employee negotiations, (*Municipal Act*, section 239 (2)).

Further be it resolved that should the said Closed Session be adjourned, the Council may reconvene in closed session to discuss the same matters without the need for a further authorizing resolution. **(Carried).**

14. Confirmatory By-Law 2023-17

Resolution 2023-173

Moved By: Councillor Melanie Mick Seconded By: Councillor Margaret Christenson.

BEING A BY-LAW to confirm proceedings of the meeting of Council, June 13, 2023. WHEREAS Section 5(3) of the Municipal Act, R.S.O. 2001, as amended requires a municipal council to exercise its power by bylaw except where otherwise provided.

AND WHEREAS in many cases, action which is taken or authorized to be taken by a Council or a Committee of Council does not lend itself to an individual bylaw.

THE COUNCIL of THE CORPORATION of PRINCE HEREBY ENACTS AS FOLLOWS:

THAT the action of the Council at its meeting, **June 13, 2023:**

1. in respect to each motion, resolution and other action passed and taken by the Council at its said meeting, is, except where prior approval of the Ontario Municipal Board is required, hereby adopted, ratified, and confirmed.
2. **THAT** the Mayor and the proper officers of the Township are hereby authorized and directed to do all things necessary to give effect to the said action or to obtain approvals where required, and to execute all documents as may be necessary and directed to affix the Corporate Seal to all such documents as required.

READ and passed in open Council this 13th day of June 2023.

15. Adjournment

Resolution 2023-174

Moved By: Councillor Melanie Mick Seconded By: Councillor Jane Weir.

Be it resolved that this council hereby adjourns at 8:37p.m. until July 11, 2023, or the call of the chair.

Attention: Prince Twp Council

I would like to request the Prince Township Council to approve the purchase of slag for Creek Rd. I am prepared to pickup and distribute the slag but would like the township to pay for the material.

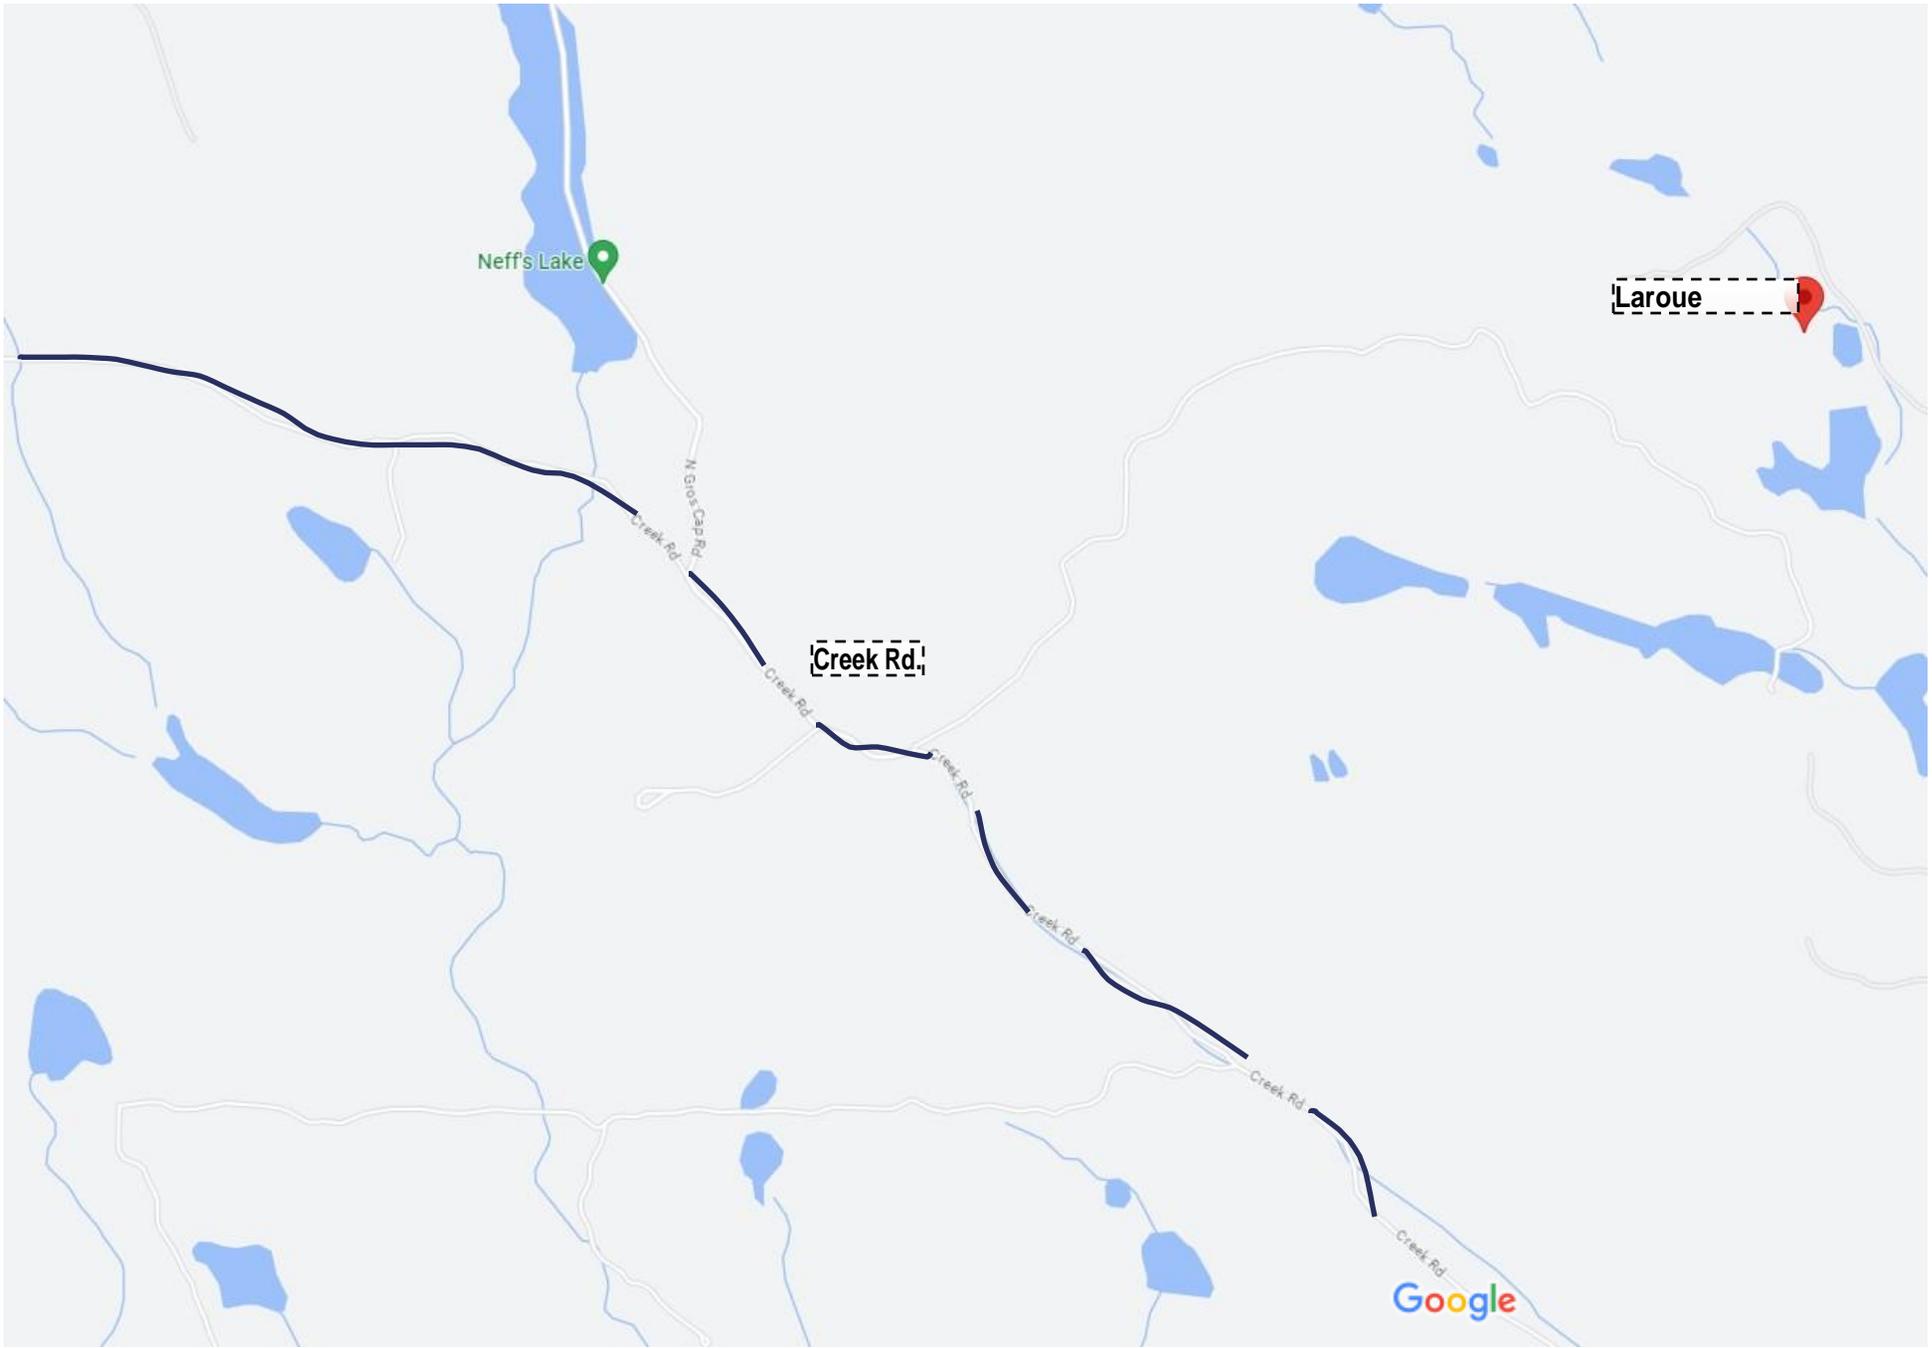

Cost per load is: 1 ton = \$80.00

Loads needed: 10 loads expected.

Also to Discuss:
- Dams / logs.
- culverts
- road maintenance.

Putting Community-Wide Smart Grid Technology on the Map: Sault Smart Grid

Partner in Industry & Sustainability: PUC Transmission LP (TransCo)

As high-load industry partners, like Algoma Steel Inc. (ASI), look to make shifts in how they operate, and new businesses look to relocate, TransCo will play a key role in how the community can accommodate new opportunities for growth and diversification, while lowering their GHG emissions at the same time.

Making the Switch: Electric Vehicle Strategy

PUC is supporting the transition to electric vehicles; it is one pillar of a larger strategy to lower our carbon footprint and support community members to do the same.

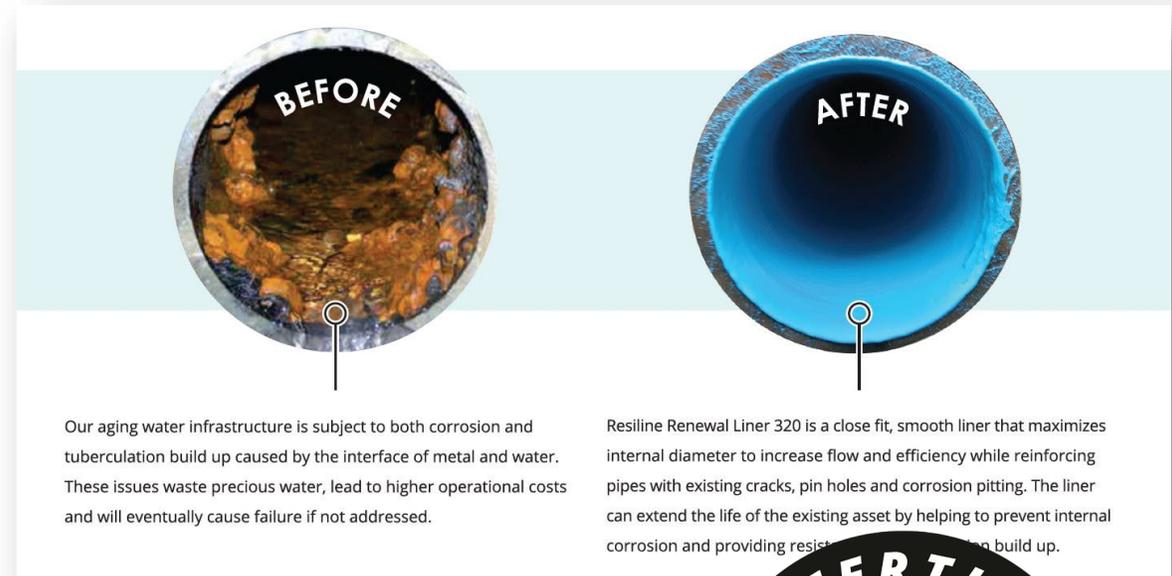

There are two main elements to PUC's EV strategy:

- 1 The electrification of PUC's fleet
- 2 The installation of Home EV chargers for PUC customers

Watertight Lining Solutions Inc. (WLS)

- Watertight Linings Solutions Inc. (WLS)'s focus is on helping municipalities fix an expensive and common problem: deteriorating water pipe
- WLS uses a Spray-in-Place-Pipe (SIPP) process which applies a polymer lining (Resiline 320). This process can:
 - Save taxpayers millions of dollars
 - Limit construction delays to as little as one day
 - Reduce the carbon footprint by up to 75% compared to typical replacement pipe

PUC GROUP OF COMPANIES | SUSTAINABILITY REPORT 2022

Laying The Groundwork For

Future Generations

Your Trusted Utility

for a Brighter Tomorrow

PUC Group of Companies (PUC) remains committed to being a valued partner in building sustainable and vibrant communities.

A sustainable future requires action now. This is why PUC is taking bold steps *today* that will change the way we will deliver services *tomorrow*.

Our approach to sustainability focuses on economic development, social responsibility, and environmental protection.

In 2022, PUC laid the groundwork on many fronts by continuing to invest in our people and infrastructure, while pursuing new growth opportunities and diversifying our services. This included PUC playing a key role as an early mover in energy transition to help our community and business/industry partners adapt to evolving energy trends and needs.

PUC is proud to show the stories of those efforts in our 2022 Sustainability Report.

Message from Andy McPhee

Chair, PUC Services Inc. / PUC Inc.

As a true community partner in sustainable development, PUC is using innovation and strategic partnerships to advance projects that are meaningful to the communities we serve.

Our proud history of balancing growth with environmental sustainability and social responsibility is something that continues to serve our organization well, as we invest in our collective future. Never before, have we seen investments at this level in our infrastructure, our growth, and our customer's experience.

PUC's focus on our employees, our customers and our shareholder is at the centre of our Strategic Plan, and along with our Vision and Mission, acts as a compass guiding the bold decisions we have needed to make as we see ourselves in the middle of a rapidly changing sector.

I want to thank my fellow board members and the innovative employees at PUC who continue to push the boundaries every single day.

Andy McPhee

Chair, PUC Services Inc./PUC Inc. Board of Directors

Preparing for the Future

A conversation with Rob Brewer

President and CEO, PUC Services Inc.

▶ **Q. It appears 2022 was another busy year for PUC. What was the highlight?**

There's no doubt the work we accomplished to date in building the first community-wide smart grid in Canada is the most significant venture in PUC's history. It has been exciting to see so much progress achieved safely and on budget in 2022. Despite supply shortages impacting construction world-wide, we are on track for completion in 2023. This is in large part due to PUC's innovative and committed team. The highly complex project meant construction has been taking place simultaneously at multiple substations across the city while work behind the scenes focused on updating and configuring new software.

With boots on the ground in 2022, our team has set the stage for Sault Ste. Marie to make history in 2023 with PUC customers enjoying a transformation in the way electricity is delivered, providing increased reliability, improved communications and savings on energy consumption.

▶ **Q. I understand PUC has created a new Community Donation Strategy to make every dollar work as effectively as possible to support those in need?**

Giving back has always been a priority for PUC and its employees. In 2022 we implemented a new donation strategy with the goal of creating a greater impact in supporting members of our community in need. The new strategy allowed us to focus on smaller charitable organizations that were experiencing great demands yet, for the most part, had not benefited from donations from the larger corporate sector. PUC also focused on raising the profile of these charities to not only ensure those in need knew of their existence but to help draw in additional financial support.

I have been so impressed with how our employees have responded to the program, continuing to find new ways to help and identifying new charities that can make a difference in our community.

► **Q. How has PUC's work in 2022 helped to build a sustainable community?**

This was a significant year for laying the groundwork for supporting future generations.

PUC's commitment to being a forward-thinking and early mover in the energy transition underway is critical to ensure a vibrant and healthy future for the communities we serve.

Along with the smart grid, we've also invested in new infrastructure to support Algoma Steel's project to build and operate two state of the art electric arc furnaces leading to a 70 per cent reduction in carbon emissions.

We've also introduced the Electric Vehicle (EV) home charger rental program to help make the transition to green energy solutions more affordable for our customers.

This was also an important year for our Enterprise Risk Management Program. We are now in the implementation stage and will continue to refine controls and review risk technology to ensure we meet or exceed industry standards.

PUC also continues to invest in its most important asset - our people. Our safety record speaks for itself and it's part of our corporate culture as we put a high emphasis on safety training for staff and our contractors. We have had 1290 Days or 1,621,714 hours without a lost time incident with zero high risk employee incidents and zero high risk lost time incidents for 2022.

Those are numbers all of us at PUC and the community can be proud of.

► **Q. Speaking of numbers, an important part of supporting the sustainability of Sault Ste. Marie is ensuring its financial health. How has PUC helped?**

Not only does PUC continue to provide strong returns to the city as noted in our financial report but our enterprise value has continued to increase since 2017 and we project a 100 per cent increase by 2026.

Who We Are

OUR BRAND PROMISE

We lead the way through innovation and compassion to deliver outstanding service every single day.

OUR MISSION

We are a community leader providing safe and reliable utility services

OUR VISION

Improving communities through curiosity and innovation

OUR VALUES

Safety, Integrity, Customer-Centric, Innovative, Accountable

AREAS OF STRATEGIC FOCUS

Customers

Employees

Shareholder

Where We Operate

The PUC Group of Companies continues to 'Grow With Purpose'. Since 2018, PUC has expanded our footprint significantly to offer more services in more communities than we ever have before in our 105 year history. It is part of PUC's focus on strategic growth that is built upon a reputation of providing reliable, quality services to customers throughout Ontario.

In 2018, PUC operated within approximately 7 communities in Northern Ontario to provide:

Sault Ste. Marie

The supply, treatment and distribution of drinking water

The operation of wastewater treatment facilities

The supply of electricity

Today, PUC operates within 142 communities throughout Ontario to provide:

Sault Ste. Marie

The supply, treatment and distribution of drinking water

The operation of wastewater treatment facilities

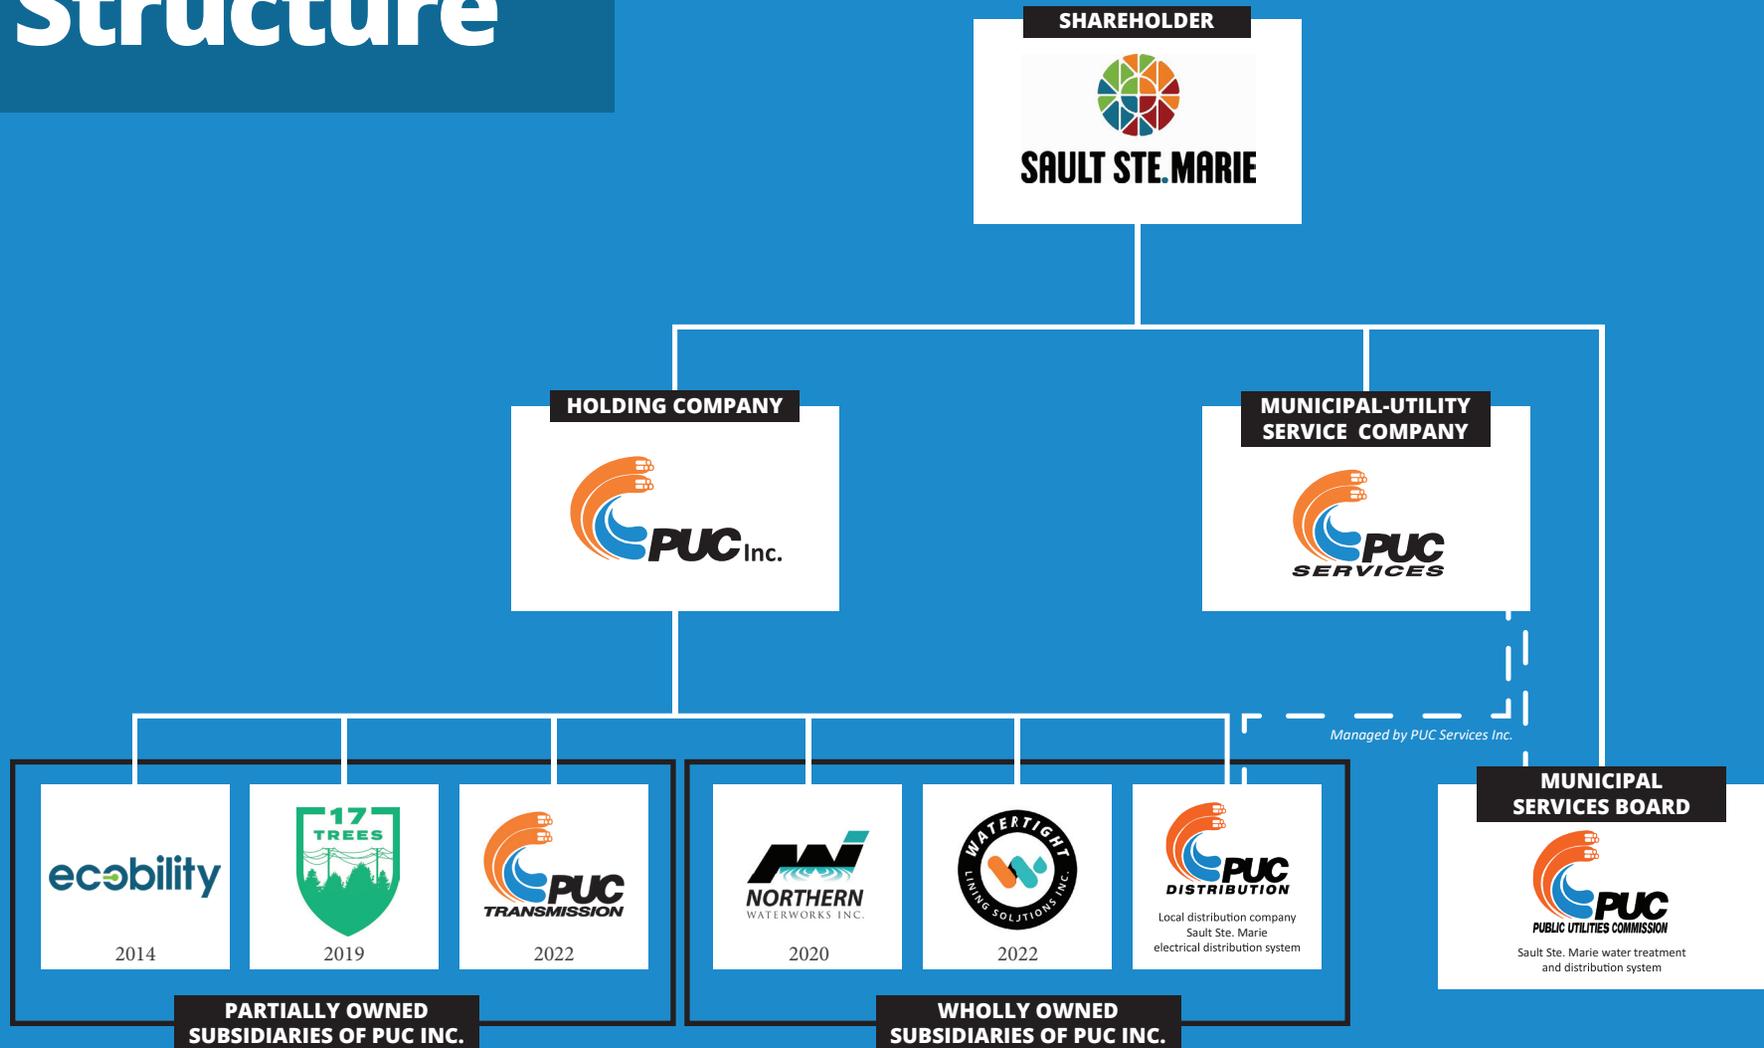

The supply of electricity

Emergency Response Services & Annual Inspections for First Nations

Corporate Structure

PUC Group of Companies

The PUC Group of Companies provides diverse services to communities throughout Ontario. Through innovation and a focus on sustainability, PUC is leading the way as a true community partner that is lowering costs, improving reliability for customers and creating pathways for the future.

PUC SERVICES INC.

PUC Services Inc. is a utility services company operating as a wholly owned private company of the Corporation of the City of Sault Ste. Marie.

PUC INC.

PUC Inc. is a holding company registered under the Ontario Business Corporations Act and is wholly owned by the Corporation of the City of Sault Ste. Marie.

Water & Wastewater Services

PUBLIC UTILITIES COMMISSION

The Public Utilities Commission of the City of Sault Ste. Marie owns the water supply and distribution infrastructure responsible for the provision of safe, reliable, potable water to customers within the municipal services boundary of the City of Sault Ste. Marie and Rankin Reserve of the Batchewana First Nation.

NORTHERN WATERWORKS INC.

Northern Water Works Inc. (NWI) provides water and wastewater treatment operations, maintenance and management services to 35 municipal and First Nation clients throughout the Province of Ontario. In addition, NWI provides emergency response services and annual inspections for all 133 First Nation communities across Ontario, either directly or through the Government of Canada's Department of Indigenous Services Canada (ISC) and the Ontario Ministry of the Environment, Conservation and Parks' (MECP) Spills Action Centre (SAC).

WATERTIGHT LINING SOLUTIONS INC.

Watertight Linings Solutions Inc. (WLS)'s focus is helping municipalities fix an expensive and common problem: deteriorating water pipe. WLS uses a Spray-in-Place-Pipe (SIPP) process which applies a polymer lining (Resiline 320). This process can save taxpayers millions of dollars, limit construction delays to as little as one day, and reduce the carbon footprint by up to 75% compared to typical replacement pipe.

Electricity

PUC DISTRIBUTION INC.

PUC Distribution Inc. is a local distribution company (LDC) that distributes electricity to residences and businesses within the boundaries of the City of Sault Ste. Marie, the Batchewana First Nation (Rankin Reserve), Prince Township and parts of Dennis Township.

PUC TRANSMISSION LP (TRANSCO)

PUC Transmission LP (TransCo) is a transmission company incorporated in 2021 to provide cost-effective, locally owned and operated transmission services to Sault Ste. Marie area industries. TransCo's new 230 kV transmission line will convey electricity from Hydro One's Third Line Station in the city's north end to a new PUC transformer station in the west end.

Other

17 TREES

17 Trees is a forestry management company serving the Algoma, Sudbury and North Bay regions. A partnership between PUC Inc., Greater Sudbury Utilities Inc., and North Bay Hydro Services Inc., 17 Trees offers safe, high-quality utility forestry work at competitive rates for customers.

www.ssmruc.com

Building Blocks of Sustainability:

Our Stories

Putting Community-Wide Smart Grid Technology On The Map

Sault Smart Grid

Community Partner for the Future

The Sault Smart Grid will transform how PUC delivers electricity to customers. It is part of a larger strategy that ties into the goals of the City of Sault Ste. Marie and our collective futures.

Rooted between Lakes Huron and Superior, Sault Ste. Marie is uniquely positioned to be a leader in the energy transition. The energy landscape is both diverse and impressive, with a renewable energy mix matched by few cities in both Canada and the U.S.

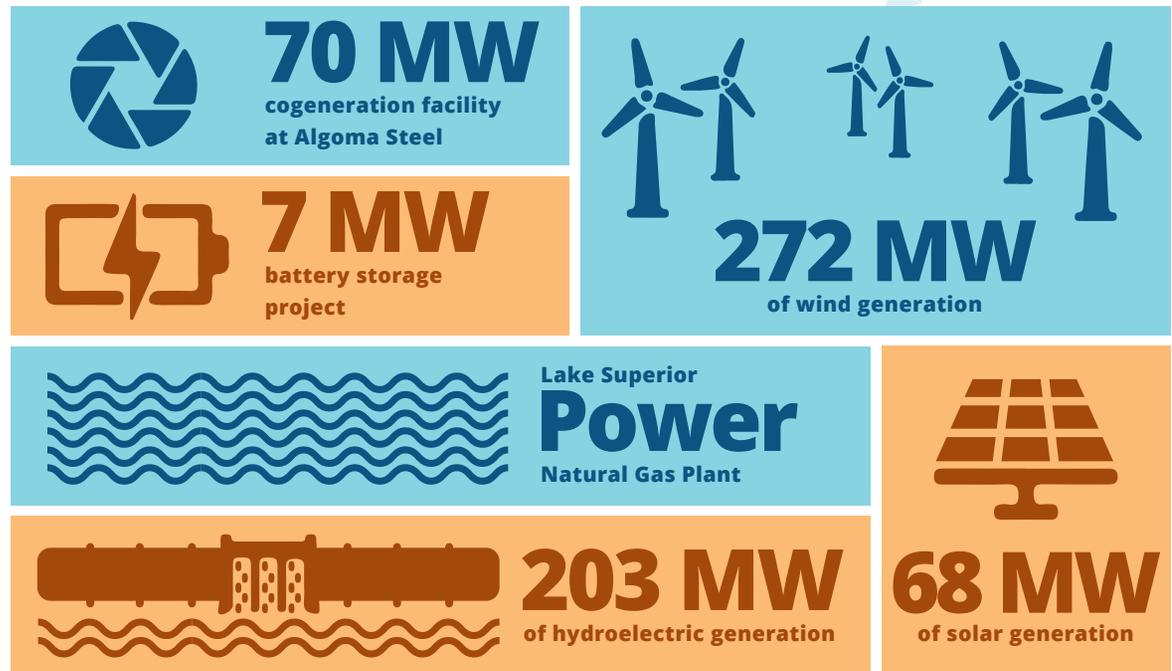

As a community-minded utility services company for over 100 years, PUC challenged itself to not only become a key player in this transition locally, but to do it in a way that is bold, innovative, and uses partnerships to best enable a grid for the future.

Sault Ste. Marie City Council declared itself the “Alternative Energy Capital of North America”.

Sault Ste. Marie

Putting Community-Wide Smart Grid Technology on the Map: Sault Smart Grid

As a national leader in advancing smart city solutions, PUC is investing in the communities we serve – and beyond – by taking bold steps to modernize how we distribute electricity.

Once operational in 2023, the benefits of the Sault Smart Grid will be significant:

- **2.7 % in Energy Savings**
- **Reduction in CO2 by 2,804 Tonnes a Year**
- **Shorter & Fewer Outages**
- **Advanced Data & Reporting**
- **Enables a Grid for the Future**

In 2022, The Sault Smart Grid project made significant progress while staying on budget despite external challenges such as global supply shortages.

The scope of work for a project of this magnitude is massive and includes:

- Major equipment installation and improvements to 10 of 12 of PUC's distribution stations.
- Implementing a host of new technologies, including (Geographic Information Systems (GIS), Outage Management System, etc.), and leveraging existing technologies.
- Installation of new Distribution Automation equipment.
- Upgrades to Advanced Distribution Management System (ADMS) and SCADA included requirements for expanded and upgraded IT infrastructure to support new virtual servers and security requirements.
- New Outage Management/Communications System for customers.

A Bright Story

Upgrading City of Sault Ste. Marie's Streetlighting System

Through an ongoing contract, PUC operates and maintains the City of Sault Ste. Marie's streetlighting system.

Between 2015 and 2017, approximately 9000 streetlights within Sault Ste. Marie and surrounding area were converted from High Pressure Sodium Vapor (HPS) to Light Emitting Diode (LED) technology. The initial investment was worth \$8.3 million, that included government grants that supported the conversion.

A typical HPS streetlight lasts around 24,000 hours, whereas an LED light can last upwards of 200,000 hours. Not only do the bulbs last longer, but they are also brighter and safer for community members, and consume less energy.

To date in 2022, the City has seen annual savings of approx. \$900,000 - that's a total savings of over \$4.7 million. Future opportunities exist within this initiative that will bring even more benefits to Sault Ste. Marie; it is another example of PUC working as a partner in the communities we serve on our collective path to sustainability.

Since making the switch, the community has reduced Co₂ emissions by approximately 20,000 metric tons.

Partner in Industry & Sustainability

PUC Transmission LP (TransCo)

PUC Transmission was incorporated in 2021 to provide cost-effective, locally owned and operated transmission service to Sault Ste. Marie area industries. Establishing a transmission company within the PUC Group of Companies provides a unique opportunity to support sustainable growth within Sault Ste. Marie and area.

As high-load industry partners, like Algoma Steel Inc. (ASI), look to make shifts in how they operate, and new businesses look to relocate, PUC Transmission LP (TransCo) will play a key role in how the community can accommodate new opportunities for growth and diversification, while lowering their GHG emissions at the same time.

The new PUC 230 kV transmission line will support ASI's plan to retire existing blast furnaces using mostly carbon-based fuel and replace them with Electric Arc Furnaces. The impact of this transition is monumental, significantly reducing greenhouse gases produced within the community. The reduction in CO₂ emissions is equivalent to approximately 1 million cars taken off of the road. With an anticipated completion of 2029, the \$750M project will transform Algoma Steel into a leading supplier of green steel at a cost-effective rate.

In 2022, TransCo started off the year by undertaking a Class Environmental Assessment Study. During the study, PUC hosted four public open houses to gain feedback from the community to help decide where the main route for the 230 kV lines and a 230/115/34.5kV substation would be built. The public consultations played a key role in mapping out the route that was ultimately submitted for governmental approval in October.

The reduction in CO₂ emissions is equivalent to approximately 1 million cars taken off of the road.

Making the Switch

PUC's Role in the Shift to Electric Vehicles

PUC is supporting the transition to electric vehicles; it is one pillar of a larger strategy to lower our carbon footprint and support community members to do the same. There are two main elements to PUC's EV strategy:

1. The electrification of PUC's fleet
2. The installation of EV chargers for PUC customers

Electrification of PUC's Fleet

In 2022, PUC installed 22 EV chargers at our various locations to support our transition to an electric fleet.

PUC is taking a phased-in approach for the transition from internal combustion engine (ICE) vehicles to EVs, meaning that the EVs will substitute the ICE vehicles when they need replacement.

PUC Services EV Home Charger Rental Program

PUC Services Inc.'s EV home charger rental program is designed to assist customers in the adoption of EVs. This unique program to the region allows customers to rent an EV charger for a set monthly fee, that includes an installation credit and lifetime warranty.

The program also has significant benefits to PUC by providing more intelligence into consumption on the city-wide grid. This will help in preparation for future energy planning in the area.

PUC EV HOME CHARGER RENTAL PROGRAM

TESTIMONIALS

Donations

Supporting Community Members on the Ground

In 2022, PUC's Donation Committee, consisting of PUC employees from various departments, worked together to identify organizations that aligned with PUC's new strategy and goals. As word spread, more organizations approached PUC, asking for support. The company focused on smaller donation amounts so more money could be shared. In 2022, the number of charities more than tripled with 60 different charities supported.

The Donation Committee also spearheaded six company fundraising BBQs that resulted in employees donating to 6 local charities.

PUC staff came together to once again decorate the alleyway beside Outspoken Brewing on Queen Street in Sault Ste. Marie. The Giving Trees provided toiletries, hats, mitts and gloves to those in need, helping to make a difference for many during the holiday season.

Investing in the Health and Safety of our Employees and Community

After three plus years of in-person safety training being put on hold due to the pandemic, safety classes were back in session. Numerous in person safety courses, including those focused on mental health, were offered again for our employees.

In 2022, PUC launched a new online incident reporting/reviewing program for employees. This program streamlines our reporting process and allows staff the ability to report and review incidents in a timely manner.

Additionally, our managers, supervisors and executives completed the most amount of crew observations in our company's history.

Awards and Recognition

2022

PUC Awards and Recognition

In 2022, PUC was recognized with multiple awards and was proud to shine a light on employees who went above and beyond to represent PUC's Core Values.

Congratulations to PUC's 2022 Bright Lights Winners:

Customer Centric: Christian Ouellet, Curtis Deschamps, Bryce Vanderburg & Jeff Cole

Innovation: Natalie Fecteau

Integrity: Matt Jakibchuk

Safety: Greg Zimmer

Accountable: Tayler Sonke

Algoma Public Health Community Health Champion Award

Outlook

Strategic Plan

Not only is it important to reflect on what we have accomplished; it is important to focus on our roadmap for the future.

More than ever, our focus is on a sustainable PUC that is developing strategies to lower our carbon footprint, support our communities, and maintain exceptional customer service well into the future. PUC's Strategic Plan 2023-25 provides direction and focus, connecting PUC's mission and vision for the future to our roadmap on how to get there.

PUC's long-term goals are clear and compelling targets, representing a big picture plan that could take ten plus years to complete. Strategic initiatives allow PUC to translate a handful of actions that we can take to execute long-term goals over the medium term.

LONG-TERM GOALS

1. Dominant electric utility in Northern Ontario
2. Largest provider of water and wastewater services in Ontario
3. Top 100 best Companies to work for in Canada
4. Model for Diversity, Equity & Inclusion

2023-25 STRATEGIC INITIATIVES

1. Digital Transformation
2. Operational Planning & Execution
3. Diversity, Equity & Inclusion (DEI)
4. Strategic Growth

Annual reporting on PUC's Strategic Plan will be an important part of our sustainability reports moving forward.

Personnel

Last years summer student has now graduated from the Pre-Service Fire program at Cambrian College. With his training now completed we have taken him on as a township firefighter.

Training

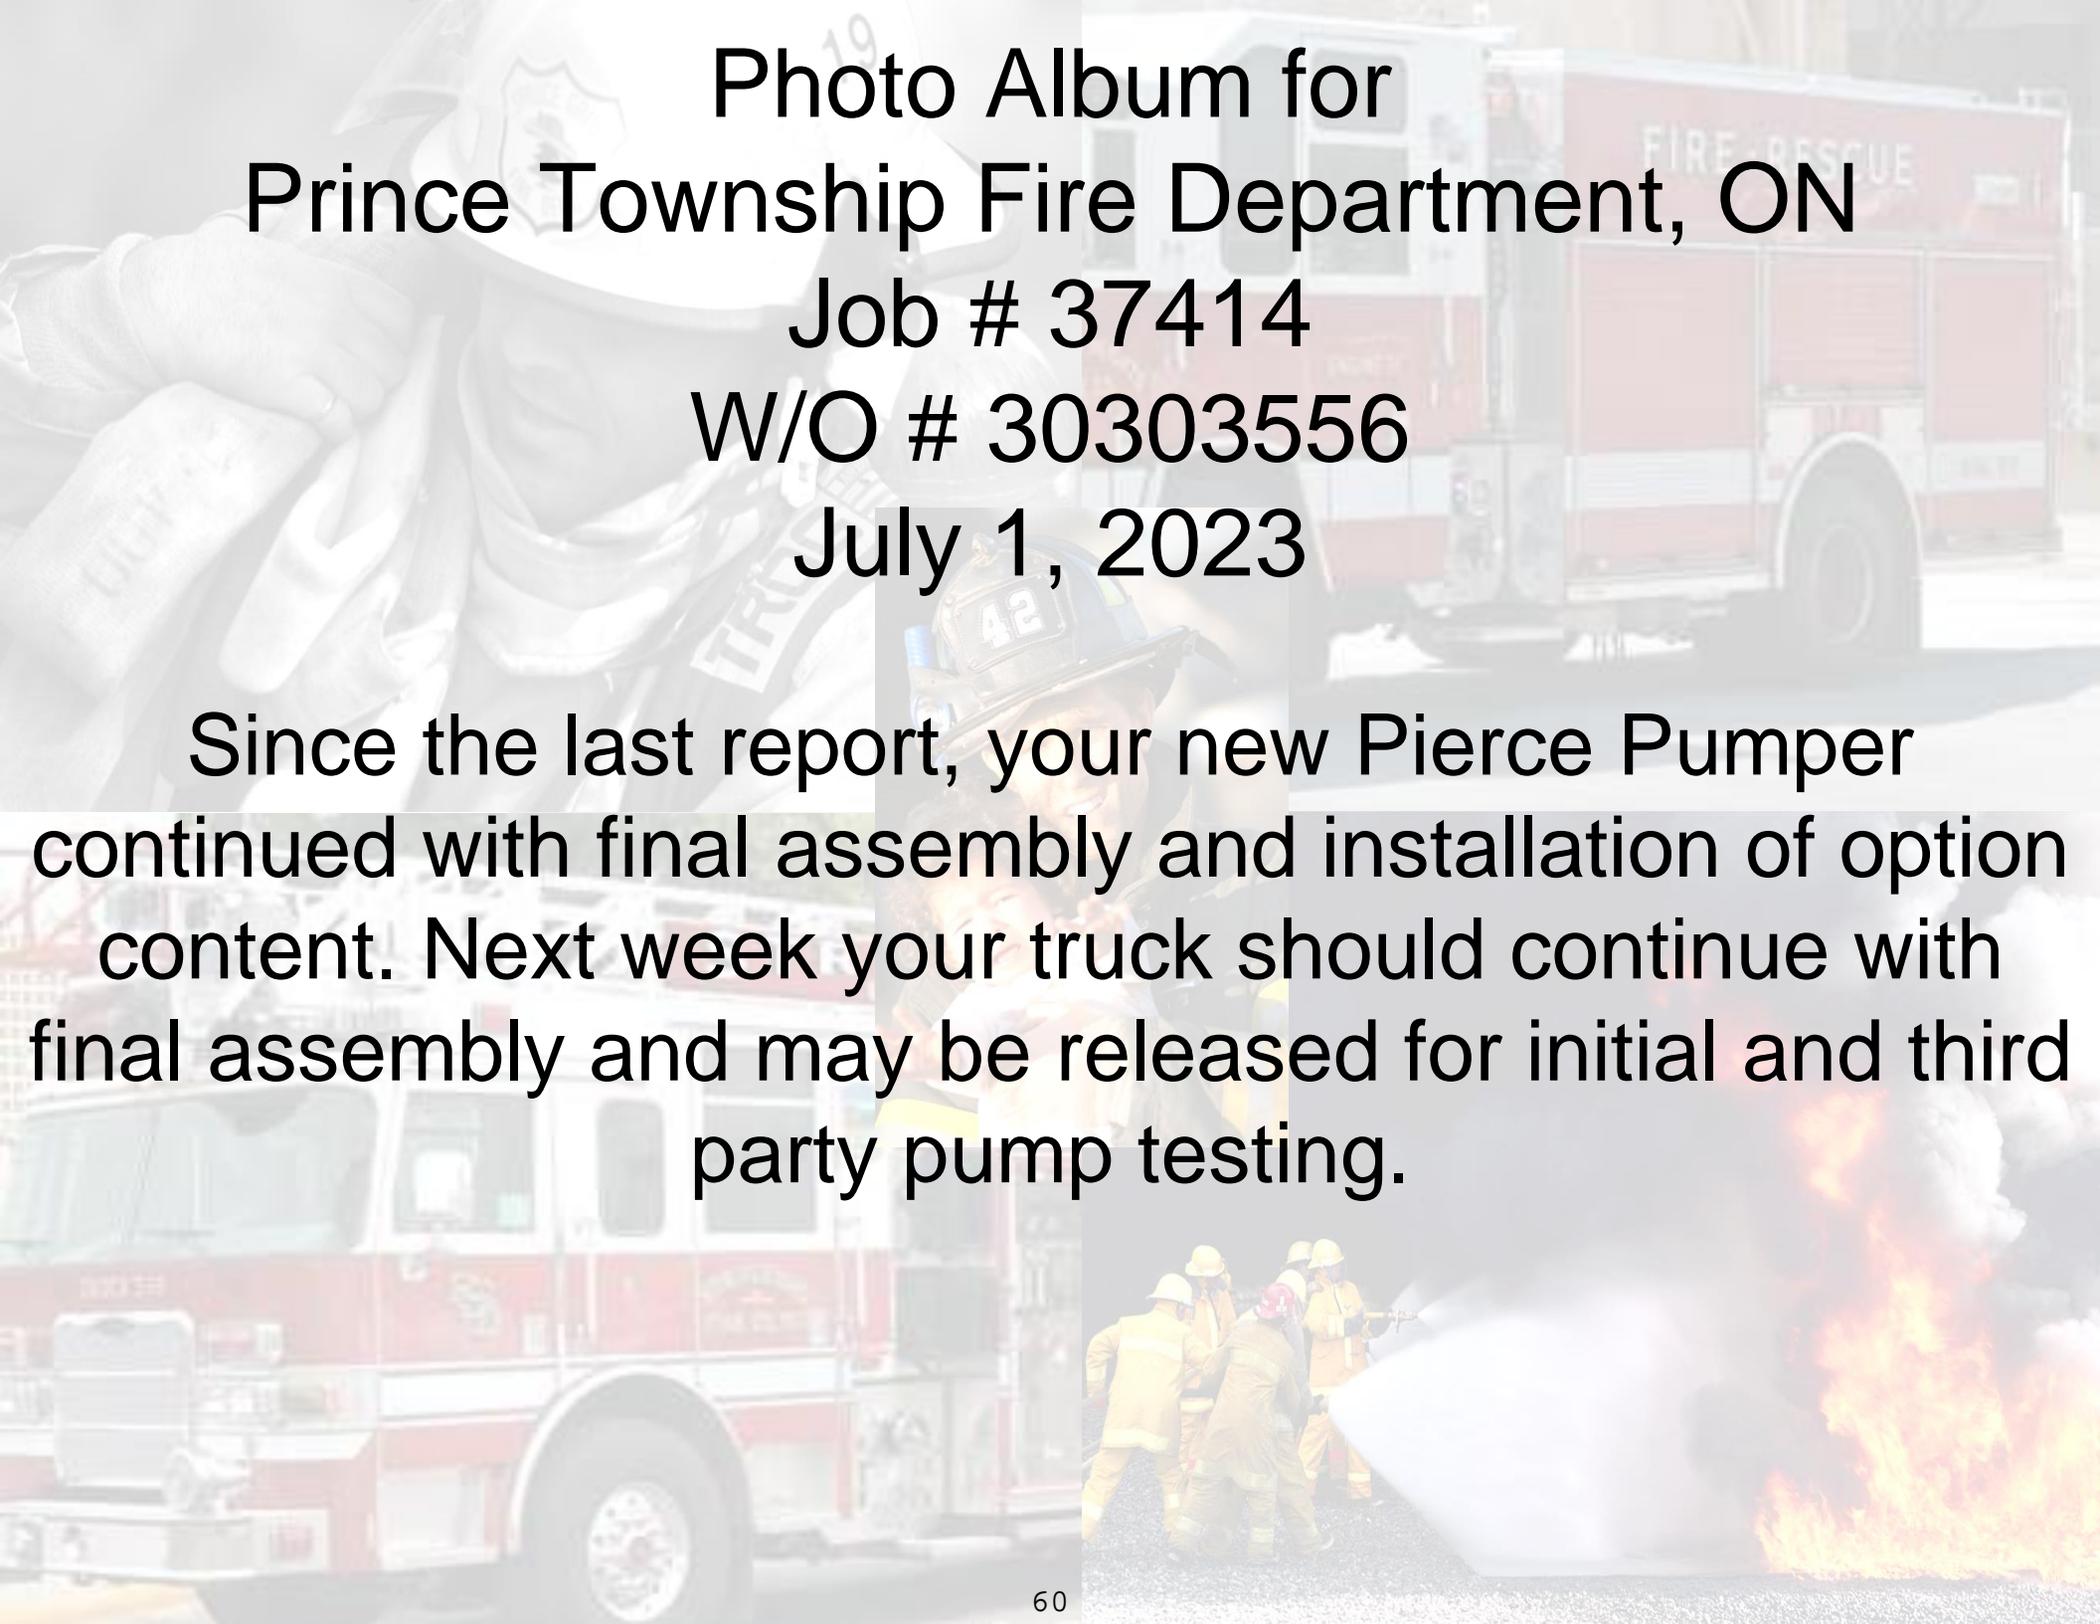

For the week of July 10, two members are attending the Sault Fire Regional Training Center for a five-day NFPA 1072 Hazmat Operations Course. These two have taken a week's holidays from their full-time work to attend.

Equipment

The build on our new pumper continues. See attached for the latest update.

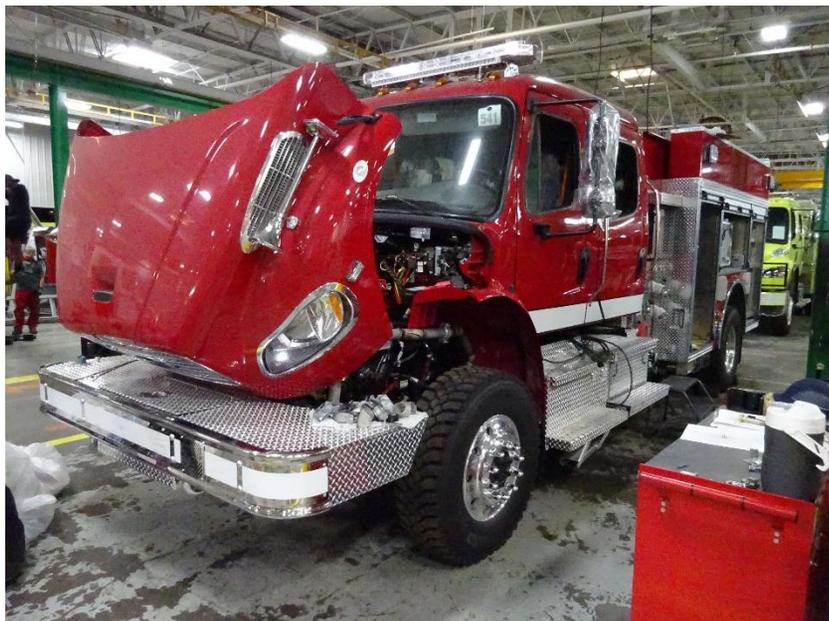

Fire Prevention

Fire safety and prevention messaging is continuing to be distributed on the departments Facebook and Instagram social media accounts.

The background of the slide features a composite image. On the left, a firefighter in full gear, including a helmet with the number '42', is shown from the chest up. On the right, a red fire truck is visible with the words 'FIRE RESCUE' on its side. The overall image is semi-transparent, allowing the text to be clearly legible.

July 1, 2023**

Since the last report, your new Pierce Pumper continued with final assembly and installation of option content. Next week your truck should continue with final assembly and may be released for initial and third party pump testing.

THE CORPORATION of THE TOWNSHIP of PRINCE

By-Law 2023-20

BEING A BY-LAW to confirm proceedings of the meeting of Council, July 11, 2023.

WHEREAS Section 5(3) of the Municipal Act, R.S.O. 2001, as amended requires a municipal council to exercise its power by bylaw except where otherwise provided;

AND WHEREAS in many cases, action which is taken or authorized to be taken by a Council or a Committee of Council does not lend itself to an individual bylaw;

THE COUNCIL of THE CORPORATION of PRINCE HEREBY ENACTS AS FOLLOWS:

THAT the action of the Council at its meeting, **July 11, 2023:**

1. in respect to each motion, resolution and other action passed and taken by the Council at its said meeting, is, except where prior approval of the Ontario Municipal Board is required, hereby adopted, ratified, and confirmed.
2. **THAT** the Mayor and the proper officers of the Township are hereby authorized and directed to do all things necessary to give effect to the said action or to obtain approvals where required, and to execute all documents as may be necessary and directed to affix the Corporate Seal to all such documents as required.

READ and passed in open Council this 11th day of July 2023.

Enzo Palumbo, Mayor

Antoinette Blunt, Interim Clerk
