Tips to Reduce Problem Bears

People are reminded to take the necessary steps to help avoid attracting bears into populated areas.

Garbage, outdoor grills and bird feed commonly attract black bears. Minimize your chances of attracting bears by:

- Putting garbage out only on the morning of collection.
- Storing garbage in waste containers with tight-fitting lids.
- Frequently wash garbage cans, recycling containers and lids with a strong disinfectant.
- Remove grease/food residue from BBQ grills including the grease cup, after each use.
- Put away bird feeders and offer natural alternatives like flowers, nesting boxes and fresh water.

Often a bear is just passing through, and if it does not find a food source it will simply move on.

For more information on what to do if you encounter a black bear on your property or while enjoying the outdoors, visit the MNR website at www.ontario.ca/bearwise.

If a bear appears to be threatening, persistent or aggressive, call the Sault Ste. Marie Police Service immediately.

DO NOT FEED WILDLIFE

Threats to wildlife

- animals can become dependent on artificial food sources
- animals can lose their natural fear of humans and pets, becoming more prone to conflict
- artificial feed is not healthy for wildlife
- wild animals may gather in large numbers when they are being fed — this concentration of animals in one area can spread parasites and disease and cause destruction of natural habitat
- feeding animals near roads increases their risk of being hit by vehicles

Threats to people

- feeding wildlife may attract "unwanted" animals to your property
- animals will learn to associate humans with food, and can become a problem to neighbours
- habituated animals can become aggressive
- feeding animals near roads increases the risk of motor vehicle accidents, resulting in property damage, injury or death.

Are You Prepared?

Emergencies can strike anywhere, at any time. That's why everyone in Ontario is encouraged to be prepared—by having a plan, assembling a survival kit, and by staying informed.

Build an Emergency Survival Kit

Your emergency survival kit should have everything you and your family would need to be safe and take care of yourselves for at least three days immediately following an emergency.

The following list is broken down into the essentials, items you may need to meet your family's unique needs, and items to have ready in case you must leave your home.

WHAT TO PUT IN YOUR SURVIVAL KIT

Essentials

- Food (non-perishable and easy-to-prepare items, enough for 3 days) and a manual can opener
- Bottled water (4 litres per person for each day)
- Medication(s)
- Flashlight

- Radio (crank or battery-run)
- Extra batteries
- First-aid kit
- Candles and matches/lighter
- Hand sanitizer or moist towelettes
- Important papers (identification, contact lists, copies of prescriptions, etc.)
- Extra car keys and cash
- Whistle (to attract attention, if needed)
- Zip-lock bag (to keep things dry)
- Garbage bags

Special Considerations

- Items for babies and small children—diapers, formula, bottles, baby food, comfort items
- Prescription medication
- Medical supplies and equipment
- Pet food and supplies
- Any other items specific to your family's needs

Extra Supplies for Evacuation

- Clothes, shoes
- Sleeping bags or blankets
- Personal items (soap, toothpaste, shampoo, comb, other toiletries)
- Playing cards, travel games, other activities for children

Be Informed

There are two main ways that you can be informed about emergencies: sign up for Ontario's emergency alerts and learn more about the hazards you can ace and how you can be prepared for them.

During an emergency, you should stay tuned to local news channels. Be sure to have a portable, battery-operated or crank radio in your survival kit in case of power outages.

Emergency Alerts

Ontario's three types of alerts—[Red Alerts](#), [Emergency Information Advisories](#) and [Tornado Warnings](#)—quickly deliver information on threats or emergencies that have occurred via email, text message, RSS feed, and other channels. They usually include information on how to keep you and your family safe.
