FRIENDS OF THE PRINCE TOWNSHIP LIBRARY

Mammoth Book Sale Results: The Friends of the Prince Township Library's Mammoth Book Sale last month in the Station Mall earned over \$3000, which will go toward the purchase of equipment, materials and services for our small community library.

The sale would not be possible without the ongoing dedication of Dorothy and Richard Macnaughton and Willa LeClair, who spend their Fridays sorting, labelling and boxing thousands of donated items and taking them to the Friends' book shed for storage.

Thanks to the Macnaughtons as well for organizing our sales tables in the mall and for taking on multiple shifts during the three-day sale.

We're also grateful to an army of volunteers who transported books to the mall and/or sold them. They include Brittany Agliani, Dave Amadio, Jaclyn Amadio, Gilles Boucher, Fran Burns, Marian Calvert, Leslie Cassidy-Amadio, Bev Couch, Les and Sandy Fulcher, Cheryl Harnish, Lucy Konkin, Marguerite La Haye, Mike and Cheryl Landmark, Hal and Judy McGonigal, Andrew Migwans, Fred Migwans, Jennifer Migwans, Richard Migwans, Myrla Orr, Marianne Perry, John Richenhaller, Rita Wagner, Betty Wilton, Leo Young, and Rose Zgraja.

New Location: We recently learned that the Station Mall will not be a venue for our future book sales; however, the Township of Prince has offered us a space in the farmers' market/events pavilion this summer. We invite our customers to visit our sales tables on market days.

The pavilion's official opening date is Saturday, June 9. Other dates and times will be announced in future issues of the Prince Township Newsletter.

Free Monthly Draw: Visitors to the library in May are invited to enter their names in a draw for a basket of books on gardening.

EMERGENCY PREPAREDNESS

Build an Emergency Kit

Your emergency survival kit should have everything you need to be safe and take care of yourself and your family for at least three days. This checklist outlines all the essentials, items to meet your unique needs, and items to have ready in case you have to leave your home.

What to Put in Your Emergency Kit Essentials

- Food & can opener (non-perishable and easy-to-prepare items, enough for 3 days)
- Water (4 litres per person for each day)
- Flashlight
- Radio (crank or battery-run)
- Extra batteries
- Hand sanitizer or moist towelettes
- First-aid kit
- Medication(s)
- Important papers (identification, contact lists, copies of prescriptions, etc.)
- Cash (and extra car keys)
- Whistle (to attract attention, if needed)

Special Considerations

- Medical supplies and equipment (cane, walker, hearing aid and batteries, breathing device, etc.)
- Prescription eyewear and footwear
- Dentures and supplies
- Pet food and supplies if you have a pet

Extra Supplies for Evacuation

- Clothes, shoes
- Sleeping bag or blanket
- Personal items (soap, toothpaste, other toiletries)
- Playing cards or travel game

Other Tips

- Place all these items in an easy-to-carry bag or case on wheels.
- Keep your emergency survival kit in a place that is easy to reach.
- Keep your cell phone or mobile device fully charged.

Tips for keeping your property and neighborhood safe

Lock it

Lock your garage, your vehicles and your home - even when you are home. It may sound obvious, but many criminals will check to see if doors are unlocked, giving them an easy opportunity to strike. Also, whether or not you have a security system or a dog, put up signs warning people about both. If everything is locked up and criminals are faced with the prospect of additional deterrents, most will move on.

Secure it

Install additional security locks on exterior doors and windows and don't forget about surveillance! When possible, install devices that permit sight to the other side, such as chain link fences, and keep shrubs and bushes trimmed below ground level windows and trees pruned above eye level to eliminate areas of potential concealment. Consider installing a security system as an additional deterrent.

Light it

Turn on your lights! Use timers on your lights when you're away from your home or business

so they appear occupied. At night, use outdoor lighting to enhance illumination in dark areas around your property where an intruder might hide, such as stairwells, alleys and hallways. Install motion lights and/or cameras at all entrances and turn your porch lights on at night.

Hide it

Install and use blinds and curtains to prevent people from seeing inside your home, especially at night. Protect yourself, your belongings and your privacy with good quality window coverings. Consider frosted treatments on garage windows, which will still allow in natural light, but prevent people from seeing inside your garage. And don't "hide" spare keys under a doormat or in a planter; keep them with a trusted neighbor or nearby business.

Remove it

Never leave valuables in your vehicle, especially a wallet or purse. Take any electronics, such as cell phones, tablets and laptops inside with you, including your remote garage door opener. In many cases, criminals will enter a vehicle for the sole purpose of stealing your garage door opener in hopes of gaining access to your garage and, subsequently, your home. Also be cautious about placing boxes from big ticket items, such as a new television, out for recycling as this can be an invitation to thieves who now know exactly what's in your home.

Share it

Introduce yourself to your neighbor's, as neighbor's who know each other

watch out for one another. Get to know other people who live on your street. Consider setting up (or joining!) a page on social media for your subdivision as a way to communicate and share information with one another. But keep in mind you need to be cautious about what you share on social media sites - even if it's considered a friendly or helpful group. Divulging too much personal information can potentially put you and your property at risk, as there is no way to know or control the intentions of other social media group members.

Do not share or discuss personal information, such as upcoming vacations or when you, or other family members, will be away from your home, on social media. Advertising when you are going to be away from your property for an extended period of time is like hanging a "come on in" sign on your door for thieves. Personal information like this should only be shared with a trusted neighbor, friend or family member who can keep an eye on your property while you're away.

Report it

See something suspicious? If it's an emergency or crime in progress, call 9-1-1.
